Item No.: WH #1

DIRECTOR: WHITE HOUSE SITUATION ROOM

SUBJECT: THE MILITARY SITUATION IN SOUTH VIETNAM

REF

25X1C

Scattered fighting continues in widely spread areas of the southern half of the country. Thus far, in the two-week old communist winter campaign, there has been little exchange of territory or population, but personnel losses on both sides have been high.

Military action has slackened in the northern provinces due to unusually heavy rains, but the communists were able to lob two large-caliber rockets into the Da Nang airbase early yesterday. There were no casualties and relatively little damage.
